

SIMS 2023 Submission Instructions

- Open EasyChair and access SIMS 2023 conference as an author and use the links in the upper part of the page:

The screenshot shows the top navigation bar of the EasyChair website. The navigation bar is teal and contains the following links: Conferences, CFP, VCS, Preprints, Slides, and EasyChair. Below the navigation bar, the page title is "SIMS 2023 (64th International Conference of Scandinavian Simulation Society)". Below the title, there is a message: "You are logged in to SIMS 2023 (64th International Conference of Scandinavian Simulation Society)." and "Use the links below to access SIMS 2023."

Author

- [make a new submission](#)

- Click on “make a new submission”

The screenshot shows the "New Submission for SIMS 2023" page on EasyChair. The page has a dark grey navigation bar with the following links: New Submission, Conference, News, and EasyChair. The main heading is "New Submission for SIMS 2023". Below the heading, there is a message: "Follow the instructions, step by step, and then use the 'Submit' button at the bottom of the form. The required fields are marked by *."

Author Information

For each author please fill out the form below. Some items on the form are explained here:

- **Email address** will only be used for communication with the authors. It will not appear in public Web pages of this conference. The email address can be omitted for not corresponding authors. These authors will also have no access to the submission page.
- **Web page** can be used on the conference Web pages, for example, for making the program. It should be a Web page of the author, not the Web page of her or his organization.
- Each author marked as a **corresponding author** will receive email messages from the system about this submission. There must be at least one corresponding author.

SIMS 2023 Conference program

The authors should check the information of their submission.

- Update the ASCII descriptions Title, Abstract and Keywords if needed and accept your changes by pressing the button “Update Information”.
- Authors can check the status of their submission any time by logging into the EasyChair system using their account credentials. Once logged in, they will be able to see a list of their submissions, along with information about each submission, such title, status, and any comments or feedback from reviewers. To view the details of a specific submission, the author can click on the title of the submission, which will take them to a page with more information about the submission, including its abstract and any reviews or decisions made by the conference organizers.
- Authors may also receive notifications from EasyChair regarding the status of their submission, including updates on the review process and decisions made by the conference organizers.

SIMS 2023 Publications

The proceedings will be published in Linköping Electronic Conference Proceedings Series. Minor corrections requests are possible. The extended abstracts will also be part of the conference proceedings. Moreover, selected papers will be published in the Energies MDPI, after the journal peer-review process.
